ITEM 1 — HISTORY, MISSION AND VISION OF IHERIS UNIVERSITY

1.1 History

The Institut des Hautes Études des Relations Internationales et Stratégiques (IHERIS) was founded in Lomé, Togo Republic, as a private institution of higher education dedicated to the study of international relations, strategic studies, law, economics, management, and the human and social sciences.

Following its establishment, IHERIS applied to the Ministry of Higher Education and scientific Research of the Togo Republic for authorization to operate as a private higher education institution. By Order (Arrêté) No. 014/MESR/SG of 1 June 2011, the Ministry of Higher Education and Scientific Research granted IHERIS a provisional opening accreditation of five (5) years, renewable.

Pursuant to its accreditation obligations, IHERIS underwent the statutory evaluation of the study commission for applications for opening accreditation and recognition of Degrees in private higher education institutions, and on 4 April 2018 submitted its application for renewal of accreditation. Following the review of its application and the reports of the commission's meeting s of 28 May and 4 June 2018, the Ministry of Higher Education and Scientific Research, by Order (Arrêté) No. 053/2018/MESR/SG/DES of 14 June 2018, renewed the institution's accreditation for a further period of five (5) years, coverin g professional Bachelor's degrees (Bac+3) and professional Master's degrees (Bac+5) across the fields of Legal, Political and Administrative Sciences; Economics and Management Sciences; and Human and Social Sciences.

IHERIS operates from its campus in Lomé and delivers all courses in strict compliance with the legal and regulatory provision s in force in Togo, under the technical and pedagogical supervision of the Directorate of Higher Education (Direction de l'Enseignement Supérieur) of the Ministry of Higher Education and Research.

The international standing of the institution has been formally confirmed on two occasions at the level of the Governments of Togo and Nigeria: (i) by letter No. 0631/MESR/SG/DES/2019 of 25 April 2019, in which the Togo Minist ry of Higher Education and Scientific Research confirmed to the Nigeria federal Ministry of Education that IHERIS is a private higher education institution recognized by the Togolese State and authorized, by the aforementioned Order of 14 June 2018, to train students in the stated domains; and (ii) by letter Ref. No. FME/S/174/C.2/B/1/3 of 26 November 2020 of the Federal Ministry o f Education of Nigeria (Evaluation and Accreditation Division), which confirmed that IHERIS is on the Ministry's list of accredited institutions in Togo as verified against the International Handbook of Universities — and that the degrees awarded by the University are recognized and accepted in Nigeria for the purposes of participation in the National Youth Service Corps (NYSC), employment and promotion, as applicable to certificates awarded by Nigerian universities in similar fields of study.

Today, IHERIS University continues to develop as a comprehensive institution offering accredited professional Bachelor's and Master's programmes, serving both Togolese and international students, including Nigerian students, in an environment of academic rigour and integrity.
